### CHRISTMAS BOX OF OIL GUSHER

Confirming J. O. Lutted's private  
correspondence, the gist of which was  
published a few days ago, the offi-  
cers and directors of Lake View No. 2  
Oil Company's announcement of a  
second well brought in by it in 1913  
was received in the Honolulu's mail.  
It is on a postcard with the greeting  
"Merry Christmas" and says in part:  
"On December 13, well No. 2, lo-  
cated on the south 40 (our 48 acres),  
was brought in as a gusher with an  
initial production rate of about 2500  
barrels per day. Due to high gas pres-  
sure, the well has been giving trou-  
ble by sanding, that is, the oil sand  
is being forced up into the casing. We  
are expecting, however, to have No. 3  
in the steady production class within  
a few days. The well is free from  
water and the oil is being sold to the  
Standard Oil Company."  
"Well No. 2 is keeping up its old  
rate of production."

### NEW GOVERNOR BANQUETED IN SAN FRANCISCO

Elaborate Function at Hotel

Guests Meet Hawaii's  
Executive

On Monday evening, December 22,

was held in the banquet hall of the

ranged and decorated for the affair  
to represent a typical Hawaiian din-  
ing hall. At the entrance to the re-  
ception room through which the guests  
entered the banquet room, the Ameri-  
can and Hawaiian flags were draped,  
as well as in the dining room. The  
dining hall represented a garden of  
palms and tropical fruits, while the  
table showed the Hawaiian colors.

Entertainment was offered by a Ha-  
waiian quintet, which rendered the  
Aloha as the guests were being seated.  
Singers and players had been engaged  
by Mr. Stewart for the occasion and  
rendered selections and songs suit-  
able to the occasion. Mr. Charles A.

### NEW YEAR GREETING AND HOPE MESSAGE OF HEALTH BOARD

Following is the seasonal greeting  
of the health board to friends who  
have taken an interest in its efforts  
to make Hawaii clean and wholesome:  
"A Happy and Prosperous New Year."  
The territorial board of health at  
the beginning of the new year wishes  
to thank you for your assistance in  
the past. It hopes that during the  
coming year increased efforts may be  
made by all to reduce the infant and  
tuberculosis mortality, decrease con-  
tagious and infectious disease and im-  
prove health and sanitary conditions  
throughout the territory. May we be-  
come the health Paradise of the Pa-

#### HIGH COURT SITS ON COW.

[By Latest Mail]  
TRENTON—The court of errors  
and appeals, the highest court in  
New Jersey, is considering the death  
of a cow. The animal died of indig-  
estation after eating green corn.  
James E. Van Nest, a Somerset  
county farmer, owned the cow. His  
farm was bordered by that of Fred  
Dealaman and there was an agree-  
ment between Van Nest and Deal-  
man that each was to keep up his  
share of the fence between Van  
Nest's pasture and Dealaman's corn  
patch. The cow, finding it easy to  
get in the corn patch, went over and  
helped herself to the corn.  
Van Nest was awarded \$50 by a  
jury and Dealaman appealed.
